Aberman	Kerry	90028	I grew up in the countryside of Wisconsin. I've lived here over 5 years, and I can say with complete confidence, I'd fine this city unbearable without Griffith Park.
Abraham	Robin	90210	SAVE GRIFFITH PARK - PLEASE!!!!
Ackerman	Elizabeth	90039	I love Griffith Park. I hike in the park 3-4 times a week, and the beautiful wildness and peace I find there help me to stay sane in LA. I honestly don't know if I could live here if I didn't have Griffith Park. It is a unique, precious place.
Ackerman, MD	Irving Paul	90027-1806	I am mostly in favor, But I do believe the city of L.A. needs more playing fields in the basin for baseball and soccer, even at the expense of sacrificing a gold course. The valley has numerous play area, but the central city does not. We continue to build new apartments, condos, malls when traffic congestion is already at a forbidding level for decent travel. Why?
Adair	Mary	90065	
adams	renee	90210	
Adlai	Tracey	90068	
Alan	Jessica	90027	Open and undeveloped park land is a luxury everyone in this city should be able to enjoy without limitation. Our city is already divided by race and socio-economic differences. The park is one public place where the color of your skin and the balance in your checking account doesn't matter. To think people need restaurants and rides to entertain themselves is insulting. Let our generation and future generations enjoy the thrill of discovering their favorite spot in this urban
Albright	Judith	90039	
Alburez	Karla	90029	Leave the park alone!!
Alexander	Elizabeth	90048	
Alfter	Judy	Los Angeles	Please, please make Griffith Park a National Monument.
Aller	Mark	90065	This designation is very important to me as I've been walking in Griffith Park for over 40 years!! Please make it a City Historic-Cultural Monument.
Almoite	Barbara		Griffith Park is a wonderful place and should be protected from development. It's fine as it is.
Alvidrez	Lucy	90004	I definitely support designating Griffith Park as a historical monument. I cannot attend the meeting, but would like my vote to count. I am providing the information below:

Ammerman	Marie	91501	This park is an oasis of peace and wilderness in an increasingly chaotic, overdeveloped world. If we don't leave it as it is, we will come, all too soon, to learn what we have lost forever. Leave it as it is so our children will have some piece, if only in shadow form, of the original creation left intact. They need to understand what they must protect. Please don't sacrifice the future for a momentary, monetary gain.
ammon	ruth	90026	
Amsden	Liz	90042-1006	When I first moved to Los Angeles in the mid-80s from Vancouver, it did not seem so strange to have an unmanicured park in the city a few blocks from where I lived. After all, I had spent the previous 4 years a short walk from Stanley Park. It was over the next 20 years that I came to understand what a gift the park was to the citizens of LA, first as a place to escape to after school and on weekends, then as a wonderful wilderness location for films in the heart of the city. While appreciating the restaurants and pruned gardens of other Los Angeles County parks, it is only Griffith Park that made my heart soar. And even though I rarely get over there these days, there is a certain pleasure in knowing that it is there, untrammled for visitors and residents alike, for students and new immigrants and families, as an aide-memoire of days gone by for those who grew up here. Please, please support the proposal to elevate Griffith Park to that of a City Historic
Amy	Oliver	91505	Please designate Griffith Park as a Historical-Cultural site.
Andrews	Joseph	90027	
Angone	Conrad	90027	I wholeheartedly support Griffith Family's application for Griffith Park to become a Historic Cultural Monument.
Anthony	Christine	90039	All of Griffith Park needs to be protected!! I support monument status for all of the park. I will send an email to my city councilmember, too.
Arevalo	Rosa	900032	
Arslanian	Nyla		
Ashe	Michael	90068	Please keep the park as it was intended.
Asmann	Thomas	90403	
Attaway	Kristin	90027	
Atwood	Jeffrey	90069-3153	The observatory is a local icon and famous for use as a backdrop in "Rebels Without a Cause". It must be saved! Thanks, Jeff
Babcock	Charity	90404	Please designate Griffith Park as a City Historic-Cultural Monument.

Baillon	Benjamin	90027	For so many of us, artists, musicians, teachers, social rights workers, poets, magicians, lovers, parents, mechanics, nurses, dog walkers, and cafe dwellers and bright street wanderers- Griffith Park is the solace of beauty, mysticism, restoration from urban blight, greed, and computerized machines. Los Feliz is a wonderful neighborhood where people help and love each in a sense of community. The warmth and peace of the park spread to every point of the city wherever we find ourselves. It is my Home in the grand labrynthe of L.A. Please know that there are millions of us, living and unliving and once to be born, who feel this way. Please vote to give our home the ultimate respect of Protection and Dignity. Thank you for you work on behalf of our city.
Baker	Laura	90027	
Balesh	Stella	90027	
Barg	Ilene	90024	
Barker	Elizabeth	90026	
Barner	Kate		Please preserve Griffith Park and don't allow development of this pristine natural resource. Our City has a drastic shortage of open-space and parks, don't ruin this place of natural beauty City Council.
Barstow	Donna		I've been writing the blog, Griffith Park, Interrupted for almost 18 months. If anyone wants to comment there, or contribute news or opinions, please let me know.
Basko	Sue	90078	Please leave this park as-is. It is a wonderful natural sanctuary. If someone wants to build a restaurant, etc., do it in the city, not in the park.
Bassichis	Jenny	90291	
Battaglia	Lora	90027	I live nearby, originally from Chicago, and have to say that the natural state of the park is truly one of the greatest things L.A. has to offer. Don't change a thing!
Baur	Louise	90027	Please keep Griffith Park as it is and leave the commercial enterpises to the business districts. We need this wonderful open space in this concret jungle.
Bayley	Kat	90036	
Bean	Abigail	90027	
Becker	Susan	90039	LA, a sprawling city with vast areas of concrete, needs Griffith Park.
Becker	Mary	90039	
Belmour	Daniel	91601	As a friend of mine put it, "Griffith Park is already developed, it's just the way we want it! Leave it alone!" Please don't sell off more of the city to businesses. They work for themselves not for the public interest!

Berschneider	Ryan	90027	
Bestor	Annemarie	90027	I regularly walk up to the park from my building on Los Feliz Blvd, but my favorite walk is from the other side of the Observatory Tunnel up Hollywood Drive where I am away from all city noise, hear birds, once in a while see deer, a rabbit, and where I can look over to the Hollywood Sign which luckily is not that easily accessible.
Betancourt	Paul	91602	I agree that Griffith Park should be designated as a City Historic-Cultural Monument. It is a major part of Los Angeles' spirit.
Beverly	Nancy	91423	Hi -- I hike with the Sierra Club every Wednesday night in Griffith Park and have for many years. The park preserves my sanity -- the quiet of the trails and the stunning views up on the hills. Please preserve it as a historic monument -- not another overcrowded, loud Theme Park. That was not its intended use. Thank you!
Bickerton	Rachael	83702	When I lived in LA, Griffith Park was been invaluable in protecting my sanity, lowering my stress and creating and maintaining valuable friendships. The existence of Griffith Park is an invaluable resource in helping Los Angelinos and Valley dwellers maintain a healthy work life balance. Nothing can't be resolved at the top of one of the hills in Griffith Park. I have many times sat and looked over LA and found peace. It is essential to be able to escape from the crazy LA lifestyle every so often. Taking regular hikes in Griffith Park with friends helped me immensely lower my stress levels and get fitter. Thus saving medical bills and such like.
Biggs	Jamie	91601	
Birch	Miriam		
Black	Katherine	90039	I propose to have all of Griffith Park designated a City Historic-Cultural Monument.
Blair	Laurel	95713	My mother was born in Griffith Park on the land adjacent to Travel Town along with her 6 brothers and sisters many years ago. We visited Griffith Park Zoo and Travel Town many times growing up. She is buried at Forest Lawn and I visit the area several times a year. If I still lived in the area I would visit all the time.
Blue	Bob	90038	With an allowance for the LADWP Head Project, I support the designation of Griffith Park as a Historical-Cultural Monument. Griffith Park needs to be protected against any commercial development.
Bodlaender	Peter	90039-3034	Griffith Park is a beautiful,one of a kind wilderness area in an urban setting; a jewel that must be protected from developers and preserved in its entirety for present and future generations. The only way to ensure that this park is not devastated by bizarre, myopic, greed driven developments is to finally have it declared a Historic-Cultural monument
Bond	Danielle	90027	Griffith Park is an important part of Los Angeles. I look forward to it attaining a Historical-Cultural designation, not only for the enjoyment of many LA residents & tourists, but also to maintain the desirability of the Los Feliz real estate, as Griffith Park is a draw for many potential buyers and renters.
Bosted	Molly	91001	
Boucher	Jessica	90027	There are so few parts of this city where one can get away from the noise and really feel alone with nature. Don't take that away from us! Please preserve Griffith Park as a historical landmark.

Boudriot	Simone	90026	
Bowman	Patty	93013	Griffith Park is a beautiful, natural resource for the people of Los Angeles who badly need a place like this where they can escape from the stresses of every day life and enjoy nature with all its comforts. Designating it as a Historic-Cultural Monument will allow it to remain for current and future generations to treasure. Please support this designation. Though I now live in central California, I have many fond memories of the times I spent in Griffith Park and how much it meant to me.
Boyajian	Joy	90039	petition all the support groups and their friends and families to go to the meetings. i cannot go due to work committments but will help in any other way.
Bright	William	90291	Don't we have enough "fluff" in Los Angeles. Let This great public park alone. Both my parents are from L.A., and Griffith Park is remembered with fondness. Please don't take this wonderful experience, teaching tool, & part of the history of L.A.& turn into just another mall,"Grove",or "citywalk".Thank you, William Bright
Brizzard	Katherine	91602	
Brostoff	Myer	91602	Griffith park is a small mountain of wilderness in the middle of LA. You can drive 15-30 minutes from many points in the city to find yourself in the middle of nature, unlike many developed parks in other cities. We should not loose any part of this space.
Browder	Sarah	91202	
Brown	Gregory	90036	
Brueder	Wendy	91206	
Brusha	Carol	91202	I urge the entire Los Angeles City Council to allow Griffith Park to become an historic cultural monument.
Burch	Ron	90027	
Burke	Kathleen	90035	I heartily support the designation of all of Griffith Park as a Historical-Cultural site. It is an oasis of natural beauty and quiet in the midst of an ever growing metropolis.
Cabezas	Amber	90042	Make Griffith Park a Historic-Cultural Monument! Without Griffith Park, Los Angeles would be nothing!
Campan	Mihaela	90042	
Campbell	Jennifer	90065	
Campbell	Sharon	91505	Griffith Park is an amazing site in the United States,California, Los Angeles County and our City of Los Angeles. We owe this not only to ourselves but future generations. A wilderness in the middle of the city is a absolute necessity for everyone one.

Carney	Suzanne	90027	Please do not allow this kind of developing in Griffith Park. It's absolute heresy. A big fat NO! Horrible idea!
Caroll	Sheri	91607	Will horseback riding still be permitted?
Carroll	Bruce	90027	
Casper	Rhonda	90068	
Castleman	Ellen		We need open green parkland, especially one as special as Griggith PArk. We, as a community, must make sure that it is preserved for future generations
Catrini	Robert	90026	
Cervera	Janina	90036

Cucinotti	Christina	90027	With the way things are going today and in our childrens future, I emlore you to please use serious consideration for keeping the designation of the whole of Griffith Park as an historic cultural monument. I hope that you agree and will support it as well. We need a major park in this super busy gridlocked city for a piece of saninty, relaxation and beauty. And it also provides the type of natural attraction that tourists come to know and love in other major cities. I personally would be crushed if any part of the park is lost for any reason. Thanks for your consideration.
Cullather	Mary	90027	Griffith Park is a great treasure of the City of Los Angeles that is available for all to enjoy and should remain that way. As citydwellers, we need to see expanses that are not developed to rest our mind and to hike the trails and to sit with nature to reenergize our souls from the hectic stress-ful lives we lead. Don't take this great "wilderness" away from us by allowing anyone to develop it. It always seems that these developments are really to increase the bank account of the developer and his friends and not in the best interest of the community. We see that and remember it.
Cushing-murray	Hilary	87557	As a former Angeleno and someone who visits Los Angeles every year Griffith Park is very important to me. I fully support protecting Griffith Park in its entirety and think it should be listed as a historic-cultural monument. This is an important place!!!!
Custer	Tom	91505	
Daly	Lorraine	90278	I wholeheartedly support the proposal that Griffith Park be made a Historic-Cultural Monument. The entire park should be protected as its benefactor intended, not just certain portions of it. We do not need more facilities and features to attract more visitors. This will just add to the already severely congested traffic in the area.
Daniels	Oscar	90027	Please make all of Griffith Park a Historic-Cultural Monument. It's an important resource of the city and needs to be preserved from development and commercial encroachment.
Day	Dillion	1	
De Leon	Marita	90065	Please leave our last open space open to those who enjoy it for what it is-NATURAL. We do not need to cut into more earth and put in tramways and ruin the one bit of nature Los Angeles has. It is JUST as important to LA's heritage as is LACMA, Farmers Market and other historical spots. Please do NOT tamper with something that was meant to be left to the residents of this city for nature purposes.
Dear	Kate	91601	I strongly support giving all of Griffith Park Monument Status. I visit the park many times a week on my horse that is boarded at the LAEC. The park if one of the last great green spaces in the area and we simply can not loose it.
Deboer	Weston	90026	
Deckbar	Jason	90066	
Degtjarewsky	Marina	90004	Griffith Park has been a place of relaxation, education, and visual attraction for decades. It should remain as such. Please vote to preserve it.
DeLong	Teresa	19601	I remember Griffith Park as one my Mom took me to many times when I was young & I loved to play in the park & I couldn't wait to go back. I was born in CA & lived there untill 4th grade. My Mom used to take me to the park several times a week. I feel it should be preserved as a historic-cultural monument for future generations to enjoy.

DeMesquita	Despina	91411	I support the designation of the entire Griffith Park, not simply Col Griffith's original donation but every part of the current park regardless of how the land was obtained by the City.
DeVall	Mark	91505-1 936	
DeVall	Ed	91201	I was born in Griffith Park near travel town when there was a steam plant located there for the Department of Water & Power. My father was a steam engineer for the City of Los Angeles.
Dias	Michael	90027	Don't build up one of the last great nature areas in our city.
Dickey	Diane	90027	
Dickson	William	90291	
Dietrich	Deborah	91602	Griffith Park is a place to go for us to escape and forget where we are, to be in nature (or play among friends). If there is more traffic/development, where will the wildlife go to escape? I love the idea of being proud of the park as an historical monument.
Disbrow	Willie (Ms.)	92625	
Dodson	Rebecca	90068	
Doi	Shari	90042	Griffith Park is such a wonderful park of LA. It's great for tourism and its great for building communities.
Dolan	Mike	91606	
Domingo-Foraste	Dianne		
Doniger	Thomas	90027	No viable argument has yet been advanced to deny the park historic monument status. The only argument advanced so far (of which I am aware) is that it would be difficult to maintain the park if the requested status were granted. This argument makes no sense at all since the purpose of the designation would be to maintain the park in the present status in order to "preserve" it. This argument for granting status to only portions of the park (primarily buildings) is plainly pretextual and designed to assist contractors and developers who seek public works in this period in which private development will all but come to a halt. Those who support this partial designation are simply serving the interests of these developers and contractors. It is, of course, the park's undeveloped nature which both prompted the movement to designate it as historic and the reason to preserve it's undeveloped nature. Nothing could be developed in the park which does not already exist in Los Angeles.
Doniger	Thomas	90027	
Drake	Julie	90068	We must PLAN to protect the remaining undeveloped spaces in Griffith Park. Thank you for the work you are all doing! Future generations will thank you, too.

Eisenberg	Barbara	90291	
Elia	Penny and Dan	92651	My husband and I were born and raised in Burbank. We grew up enjoying the lovely open space afforded us by the incredible Griffith Park. This park MUST be protected and preserved as a historic-cultural monument. Why shouldn't the children of tomorrow be able to enjoy what we enjoyed?
Ellingham	Joan	90039	
Elliott	Jodi	90294	
Ellis	Diane	95842	I strongly support this effort - as a 2nd generation Angeleno I know the historical significance of Griffith Park and although I am not living in Los Angeles at this time, I visit the area regularly and have taken my own children and grandchildren to G.P. It should be preserved for future generations.
Ellis	Linda	91505	I support the proposal to have all of Griffith Park designated a City Historic-Cultural Monument.
Erskine	Rebecca	91104	Griffith Park is a rare, wonderful, natural place in the middle of a large urban population. So many people get use and enjoyment out of this park that I think it only makes sense to declare it a historical-cultural monument to make sure that it is preserved for future generations. Thank you!
Fain	Sarah	90026	
Farnsworth	Dave	93535	Although I do not live in the area, I do frequent the park for horseback rides and horse shows. I support the effort underway to designate all of Griffith Park as a Historic-Cultural monument.
Faust	Jennifer	91505	Enough of L.A. is already "Disney-fied". PLEASE resist efforts to do the same with Griffith Park. I chose my home based on its proximity to this park, which for me is one of the best features the city of Los Angeles has to offer. It is amazing to be able to hike into this park and be worlds away from the bustle of the city. Please leave it intact, unspoiled, and in its natural state. Support the designation of Griffith Park as a Historical-Cultural site.
Fernandez	Melodee	90041	
Fischer	Alan	91506	I can't believe there is anyone who is familiar with Griffith Park who doesn't believe it should be designated as a Historical-Cultural Monument.
Flaxenburg	Simon	90026	Griffith Park IS why I love this town! I hike there every day with my dog.
Fleischer	Teri		Please preserve this park as a historical cultural monument...

Fontana	Joseph	90027	Please don't despoil one of the few contacts with local flora and fauna, diminish their few habitats. No increase of traffic, unsightly and harmful dumping. Possible loss of property values
Fontenot	Bethany	91343	I support the Monument Status for Griffith Park. It's the last place to get away from L.A. in L.A.
Ford	Maire	90045	My family has lived here in LA for 5 generations and each generation has enjoyed Griffith Park. I would love to see it designated as historic cultural monument.
Frauman	Laurence	90026	This amazing land must be protected as is for us and generations to come. Please take care of what belongs to all of us.
Frauman	Erica		
Frauman	Matthew	90026	
Fremont	John	90027	griffith park is a gem in our city! ts wilderness quality is unparalleled for a park within a metropolis. t provides an extraordinary opportunity for residents of our city to truly commune with nature. nything & everything which can be done to ensure its preservation for us & for our children's children should be done!
Friess	Christiane		The park simply has to be preserved for the community. Many people and animals need it as a nature experience. Pleas keep it open for just that purpose. Thank you.
Fruechting	David	90041-8862	There is absolutely no question that Griffith Park is of equal significance to Los Angeles and its environs as is Central Park to New York, Golden Gate Park to San Francisco, and Balboa Park to San Diego. This oasis of recreation, relaxation, and refuge in the midst of our hectic city sprawl deserves the same protection from greed and speculation and whim, as is granted to those delightful parks, by designation as an Historic-Cultural Monument. In this world, not all beauty is provided through the crafting of designers, not all wealth disbursed at the hands of developers, not all goodness derived of good construction by the lowest bidder. Some of it is left lying on the ground as it is, simply a gift of God and the universe. Nature is its own reward. Please, let's just let this little bit of it alone, except to preserve it for future generations' enjoyment and benefit, as it is. Think of what that will say to them about us.
Fuller	Allison	90210	The Children's Nature Institute is a not-for-profit agency that exposes over 10,000 disadvantaged students to the wonders of nature every year through educational hikes led in Griffith Park, among other sites. s the population swells and development continues, the Children of Los Angeles lose opportunities to interact with nature and build lasting bonds as they grow into adulthood. Aside from a conservation standpoint, this has far-reaching effects on obesity, ADD and early cognitive development. It is imperative not just for our existing populations, but for our future generations that Griffith Park be maintained as a sanctuary for nature in Los Angeles.
Galletta	Cathy	91606	There are plenty of places for people to live, we all need to get some fresh air and enjoy nature. Leave the park alone
Gargano	Lauren	90027	I use Griffith Park on a regular basis. I know you do so as well. Please join me and my friends in supporting the designation of all of Griffith Park as an historic-cultural monument of our City. Griffith Park deserves the designation, and hopefully it will preserve the park for our children and grandchildren without urbanization, of which we have too much now.

Gargano	Heidi	90503	Monument Status for Griffith Park is vital. A city as large as L.A. needs to have this ark as a natural area for the public to enjoy its beauty, without commercializing he area. It is so magnificent as is.
Garvey	Jean	90026	I support the proposal to have all of Griffith Park designated a City Historic-Cultural Monument.
Gaudry	Monique	90065	Every morning, I climb various trails in Griffith Park. My favorites are from Ferndell to the Observatory and from the Golf Course to Amir's Garden. I cherish these moments in nature, and cannot imagine breaking up of the Park with the intent for commercial development; the Park must remain untouched, unspoiled. Unlike other large cities, Los Angeles suffers from a paucity of urban parks, especially in poorer areas. What a pleasure to see large families picnicking and playing in Griffith Park. Several years ago, my office organized a picnic for disantaged children and their day in the park was one of their most memorable and joyous. Griffith Park is a heaven for so many, young and old. Please help preserve its pristine environment by making the whole Park a historical and cultural monument.
Geaga-Rosenthal	Joselyn	90026	Yes, I strongly support this and also the development of more green space for all of LA!
Gitmed	Sandra	90068	Griffith Park should be for citizens, not developers. Keep it free from commercialization. The last think we need to see are more fast food buildings and/or outdoor advertisement.

Gonzalez	George	90027	
Gordon	Rhona	91423	We need green space: not restaurantws and concrete. We have more than enough of that in every neighborhood in Los Angeles. This park need to remain as it is and be made into a Historic-Cultural Monument.

Grenewitz	Tatjana	90029	Please do not allow Forest Lawn Cemetery's plans to take space badly needed by the living inhabitants of LA! The living should have priority over the dead. I support Monument Status for Griffith Park! Please safe these few semi-wild areas of LA... incerly yours, Tatjana Grenewitz

Gundy	Richard	90027	Yes, I support making this Park into a Historical Monument. I've lived near there for years and have frequently visited the park. Many other people in the area use the park for exercise, hiking and general relaxation.
Gygi	Angela	90068	There are no great cities without great parks.
Hackleman	Meredith	90026	thank you...i will be at the meeting!
Hagelston	John	91205	Save Griffith Park! I just moved to the area last year, and want to be able to explore the park in all its scenic glory.
Halizak	Kimberly Anne	90068	Griffith Park is a city-escape paradise right in our own backyards! Please keep it free and open for public use and appreciation - it's too beautiful to be used for anything else! lease designate Griffith Park a City Historic-Cultural Monument, so future generations can enjoy the beauty and grace that the park possesses! hank you!!

Hall	Olga	90042	I support the designation of Griffith Park as a Historic-Cultural Monument. Griffith Park has to be designated as a whole puzzle and not as a puzzle with missing pieces.

Heath	A	private	I have ridden in Griffith Park for 30 years, my mother rode in Griffith park before I was born (I am now 60). In the '60s when the powers that were put the landfill in the Toyon Canyon, it was only supposed to be for 5 years, it went on for, what 30 years? Now the entire San Fernando Valley can see the atrocious scar that's been left - even after all these years of no dumping. Those of you who live on the LA side don't get to see this ugliness (Nor do you get to see the scraping away of the hillside by the gravel pit company between the cemetary and Barham Pass.) But by allowing restaurants, parking lots, tramways as well as non-park purposes (a park is: n area of land set aside for public use, as: 1. A piece of land with few or no buildings within or adjoining a town, maintained for recreational and ornamental purposes. 2. A landscaped city square. 3. A large tract of rural land kept in its natural state and usually reserved for the enjoyment and recreation of visitors.) you are starting on the path of total destruction. n this era of take take take, let's leave leave leave things alone. To get a feel for how Griffith Park should be, read these memories: http://english.glendale.cc.ca.us/mems.html . e need park as it is, we don't need restaurants that will spew garbage both on the grounds and in the air, more cars driving in the park will cause more pollution, tramways will cause pollution. The park as it is can help the environment. lease, leave us some place to go!

Helta	Roberta	90065	i Love Griffith Park...and have since I moved here in 1977...it has provided me with experiences and moments too numerous to count...including those of any and all who have visited me over the years...when I took patients from a mental health hospital out for "welcome to the world" outings often Griffith Park was the destination...and for all good reason...it is inspiring and offers so,so much...it is already historic to me so let's make it official!!!!
Hengst	Grace	90065	
Henning	Carol	90004	I support historic-cultural monument status for Griffith Park. It is a treasure and must be protected as an urban wilderness, free of any more development.

Hines	John J.	90068	As a neighbor and artist, I am very much in favor of Griffith ark completely becoming a Historic-Cultural Monument, preserving its wonderful beauty.
Hiss	Eric	90027	I have lived my entire 50 years near Griffith Park and I have many fond memories there. It's a place where average citizens such as myself could go for a quiet moment or a group hike with friends. It is precisely the park's wild nature which makes it so valuable as the city around us becomes so developed and congested. Let's preserve Col. Griffith's vision and keep the park free of commercialization!
Hopkins	Julie	90028	
Horton	Natalie	90291	I LOVE Griffith Park and hike there a couple times a week, thinking how thankful I am to have such a beautiful, natural place to hike and enjoy. For anyone to take that away would be a travesty. We need to preserve what natural beauty we have left in L.A. We have enough buildings...LEAVE OUR NATURE ALONE!!

Kinder	Sandy	90026	I support the proposal to have all of Griffith Park designated a City Historic-Cultural Monument. It is important for the city of Los Angeles to preserve this beautiful park just the way it is. As a local resident, I enjoy hiking in the park and would like to continue using it and enjoying its natural beauty. It is a beautiful oasis in the middle of an ever expanding Los Angeles.
King	David	90039	Please leave the Park alone. We do not need commercial development in a park. We need fewer cars, less congestion. If you want a restaurant or an air tram look elsewhere. We have plenty of all that within a short drive of just about any place in Southern California. What we don't have is uncommercial green space.

Klabin	Julie	90027	Griffith Park is a place where anyone can go to enjoy outdoor space in Los Angeles. As the city grows outdoor spaces are becoming more rare. To change the park by adding parking structures and restaurants is to change it's purpose and to destroy a gift given to all the residents and guests of our city. I am a resident of Los Feliz and I love Griffith Park. I cried when it was burning and I celebrate it's recovery. I would hate for anything to alter the beauty, majesty and openness of our wonderful park. I support City Historic-Cultural Monument Status for Griffith Park.
Klengler	Joan	91201	We have an opportunity to protect one of the last great wilderness places in Los Angeles and should not let this opportunity pass us by. We strongly support designation of Griffith Park as a City Historic Cultural Monument.
Klengler	Ingolf	91201	We strongly support designation of Griffith Park as a City Historic Cultural Monument. This is an unprecedented opportunity to protect one of the last great wilderness places in Los Angeles. This park is loved and used by so many people. It is truly a unique haven and should remain so.

Kraft	Fred	90042	I highly recommend that Griffith Park be designated a City Historic-Cultural Monument which would benefit our area tremendously.
Krikorian	Jean	91401-5238	
Kruells	Marietta	91001	I grew up within a couple of miles of the park. Considering the layout of nearby Los Angeles, don't we have enough areas of development with restaurants, stores, etc.? What is in need is open space. This is what is becoming extinct. This is such an unusual blessing for a city to have been given one of the largest urban parks in the country. The history of the park is in fact the open space feature. The City Council has a duty to recognize the importance of the historic nature of the entire park and the fiduciary responsibility to pass this beautiful treasure un-commercialized onto to future generations.

Please do not let this great resource fall into the hands of developers for the sake of "progress".
Lopez	Nelson		i support on making griffith park a Historic Cultural monument, not restaurants and parkings. that was a donation from Mr. Griffith to keep it as wilderness, not so that other people can make businesses and get rich out of it.

Rummelhart	Deborah	90036	Greetings: I have lived in 5 major cities in my adult life: Los Angeles, Boston, Barcelona, Spain, London, England, and Los Angeles. None of these cities have anything comparable to the unique resource that is free and available to all. In these other cities, if you want to get away from it all and be innature, you need to hop on a train or drive for 45 minutes to an hour. Here in Los Angeles, our central Griffith Park is 10-20 minutes from downtown, Hollywood, Hancock Park and many areas of the valley. It is also free, so even if a person has a limited income, he or she can enjoy Griffith Park as much as anyone else. When I was living in London, a British friend of mine extolled the beauty and large area of London's parks. I replied that in Los Angeles, we have a park that is part of a mountain range. My friend did not believe me; he simply could not imagine a park on that scale. Please preserve the entire area of Griffith Park as a City Historic-Cultural Monument so that if my British friend ever comes to America, I can take him there.
Ruppel	Stacy	90292	I've spent may years hiking up in Griffith Park and have found it a sanctuary in the middle of L.A. I have recently moved to the beach so I dont find myself up there as often (used to be a few times a week). We need to protect and keep it as a wilderness park free from development!

Schuckett	Sandy	90027	Griffith Park is a national treasure that must be preserved, honored, and saved from any man-made development or other violation of its natural beauty. This is what Col. Griffith specified when he gave the park to the City of Los Angeles. Declaring it a City Cultural Heritage Monument will protect it from any future infringements, and maintain it as the treasure it is for the people of Los Angeles.
Schupp	James	90027	People of Los Angeles need Griffith Park as it is, an urban wilderness. There already are too many commercial operations in the park. No more!!
Schutte	Katrina	90027	
Schwentker	James	90027	
Sealey	Amber	90041	Please preserve griffith park!! leave it as it is!! only do improvements to toilets.
Seaman	Simie	90744	I support the designation of ALL of Griffith Park as a Historical- Cultural Monumnet of the City of Los Angeles.
Sears	Jean	91206	This natural park in the middle of a major city is an incredible jewel that must be retained for future generations. I want my children, and my children's children to love this parkland.
Sellitto	Cathy	91202	A very wise man, John Sawhill, deceased, Nature Conservancy President and Chief Executive Officer, said: "In the end our society will be defined not only by what we create but by what we refuse to destroy."
Sergeant	Tiffani	91204	
Sharkov	Zdrava	90028	I support the designation of Griffith Park as a historic-cultural monument and am entirely against all new development for all time.
Shepard	Dodie	91505	
Sherrod	Andy	90042	For Griffith Park to ever be allowed to fall into the hands of developers would be unconscionable. If this were ever to happen, as far as I am concerned political heads would roll at ballot time.
Shulman	Lisa	90039	My family and I wholly support and appreciate all of your efforts to protect our wonderful park. We would sign any petition that would assist. Thank you for all of your hard work. Lisa, Daniel and Sophie Shulman

Simms	Catriona	90065	Griffith Park needs to be designated an Historical-Cultural Monument. The habitat provided by this chapparal wilderness in the middle of Los Angeles is a vital ecosystem that can never be restored or replaced once development is allowed to encroach in the area. We have to learn to recognize this treasure in our midst before it is lost.
Simpson	Barbara	90038	My goodness, please LEAVE THIS PARK ALONE! We don't need more restaurants, we need more place to relax, hike, exercise, be with our families. It's not always about money.
Skeen	Lynda		Griffith Park is a jewel in the middle of our city, a place you can go to recover your sanity after being surrounded by cement and steel. Please, for the health of our city and our citizens, leave Griffith Park wild! Thank you.
Skurnik	Jonathan	90065	Make Griffith Park a Historic-Cultural Monument
Smart	Conrad	90004	Griffith Park is unique to Los Angeles, and an amazing example of what an urban park can be: simultaneously wild and accessible. It deserves any and all protections that can be afforded it.
Smith	Diane		Please support this so important issue.
Smith	Amanda	90026	I live in a very urban neighborhood and go to Griffith Park almost daily to enjoy nature, meditate & get my exercise. It's a rare & special place, please keep it that way! We need nature - we don't need any more buildings!
Smith	nathan	91406	Please keep Griffith Park the natural refuge that it is and keep all development out of the park.
Smythe	Emily	90027	I am absolutely delighted with this vote! I can only hope that the City Council also approves this! It is a chance to save one of our most precious gifts in its more natural state, for all generations to come. Thank you for your careful consideration of this essential landmark's historical status. Griffith Park has brought so much pleasure to Los Angeles and must be saved for all generations to come.
Spinelli	Debbie	90026	Please keep Griffith Park from being developed or divided. The Park should be designated a Historical/Cultural site so that we may protect this scarce natural resource for all citizens to share and enjoy.
Spring	Bruce	90065	The importance of this great park can not be overstated. We must do everything we can to support and preserve this park for all - including our children's children. Thank you.
Stanard	Stephen	90039

Stavnezer	Moe	91775	
Stefanek	Robert	90036	I'm strongly supportive of the efforts to designate Griffith Park as a Historic-Cultural Monument. It is a treasure and important green space in the City of Los Angeles that needs every available protection.

Stewart	Lillian		Don't commercialize Griffith. I think it is perfect the way it is now.
Stewart	Darin	90036	Griffith Park is one of the few places in LA where you can escape advertisements and big business and relax in the outdoors or contemplate your place in the universe with Griffith's many exhibits. I just took my 3 week year old son there last weekend and cannot imagine how dissappointed and angry I would be if Griffith Park was commercialized with trams, additional restaurants and more parking. Please save the park in its current style today.
Stone	Eric	90039	I grew up in Los Angeles and have loved and enjoyed Griffith Park for 56 years. It needs to be protected to the fullest extent possible. It is one of the great treasures of the city.
Stotsbery	Sallye	91602	Los Angeles is overdeveloped and crowded as it is... Griffith Park is a place where families, equestrians, cyclists... all kinds of folks can go to escape that overcrowding. Please make it a historical monument. Isn't that what Griffith wanted anyway? There's a long, rich history there. We should keep it that way.
Stoy	Vincent	91505	
Stoy	Shannon	91505	
Strand	Casey	90038	Please make Griffith Park a historical-cultural monument!
Stratton	Danielle	90046	
Strickler	Stacey	90026	The entire Griffith Park needs to be declared a Historic Cultural Landmark, because it is! We as a city need to do everything we can to protect this amazing natural resource from development and engineering.
Strong	Amy	02141	
Strube	Rosemary	91403	Griffith Park is so wonderful! To alter it would be a crime. We need open spaces not only for us but for our children and for all people in the future. Please help save our planet, save Griffith Park.
Strunk	Stew	90069	Please vote to to designate all of GRIFFITH PARK as a City Historic-Cultural Monument
Subias	Marco	90066	Leave Griffith Park wild! Don't develop it. Los Angeles has enough shopping centers and amusement parks.
Swan	Susan	90068	
Swanson	Roger	90405	Add museums, add a decent metro system to support the need (ha, ha like that is going to happen in LA), add athletic fields, maintain trails, but no tacky, stand alone restaurants (incorporate them in the facilities), no parking structures, no tramways. Don't create Disneyland North!
Sweeney	Mark	90026	I support designating all of Griffith Park as a Historic-Cultural monument.

Teplitz	Rick	90045	
Tessandori	Lisa	90026	
Tews	Kate	90039	Please designate Griffith Park as a City Historic-Cultural Monument. It deserves the same status as New York's Central Park, San Diego's Balboa Part, San Francisco's Golden Gate Park and other lovely lands within urban areas. Save it.
Theis	Michelle	90065	
Thomas	Valerie	90027	GP is an LA landmark and a hub of nature experience and recreation for city dwellers. The city should permanently recognize its cultural, historical and environmental imporit to Angelenos and visitors!!
Thomason	Barbara	90027	I support keeping Griffith Park Wild and Free. I do not support any development what so ever.
Thompson	Anthony	90026	Please support the proposal to make Griffith Park a Historic-Cultural Monument!
Tidwell	Don	90042	
Toliver	Linda	90031	
Tornborg	Kay	90068	The fact that we are even embattled about this speaks volumes about our Councilman, Tom LaBonge. WHAT IS HE THINKING?????!!!
Torres	Cecilia	90604	
Trahan	Sherri	90027	
Tresun	Rob	91352	Please don't give our park to some big business moguls who are just looking for ways to add to their wealth. I'm quite sure that was not why the Griffith family donated it to L.A. in the first place. Let's not show the relatives of Mr. Griffith how much we DO NOT appreciate the donation by modernizing it now. ob
Tropp	Bobbi	90027	I would not like to see any part of Griffith Park opened up to commercial enterprises. I think that would be a betrayal of Mr. Griffith's intentions when he donated the land to the city. Please leave us some unspoiled green space.
Trowbridge	Delphine	91505	I want Griffith Park to have the protection this designation would give. Anyone who really loves the park will want it also.

Tsai	Yvonne	91802	I highly support the designation of Griffith Park as a historic-cultural monument. I started my hiking habit in the Tuesday & Thursday evening hike sponsored by the Sierra Club back in 1994. Still going strong with all the benefit of this wonderful exercise. I have introduced many friends into this urban oasis and I wish to keep this park from developers.
Tubbs	Janet	90041	I support the proposal to make Griffith Park a Historic-Cultural Monument!
Uebersax	David	90027	It is entirely appropriate to designate Griffith Park as a City Historic-Cultural Monument. In fact, given the missed opportunities to keep more of this great gift in a pristine form, there is assuredly more which we can do to preserve this wonderful resource. Please take the opportunity to act now, so that Angelino's and visitors alike can enjoy the benefits of this park as it was always intended.

Vera-Martinez	Rebecca	90290	Please save Griffith Park! Los Angeles does NOT need any more restaurants or hideous parking structures. We certainly don't need an aerial tram.
Vitiello	Ellyse Adele	91506-2922	Instead of fast foods in the park, could we invite Whole Foods, Pavillion and Trader Joes to educate our young folks by providing organic food at cost, as a public service, at a limited number of kiosks with bathrooms that the vendors would maintain?
Wade	James	90027	My girlfriend and I go to the park every weekend to just relax and escape the distractions of everyday life which are prevalent throughout Los Angeles... we can clear our minds and feel refreshed. We'd prefer that the park stays that way... I don't want "destination restaurants" or any other b.s... that's what we're getting away from when we go there... why pollute the park with all the b.s. that's mere minutes away anyways... keep it simple... it's been that way for years... we don't need it turned into a local amusement park like Disney... why can't we keep some of nature like it was meant to be...
Wagers	Cecelia	91506	Monument status must be given to Griffith Park. It is truly, one of a kind, and we must have the strength to do the right thing by protecting against anyone who would change it. Once it is gone there is no getting it back. Nature must be protected.

Wallace	Robert	90602	Declare Griffith Park a Historic-Cultural Monument and leave it alone! It is an urban treasure; it was 50 years ago when I was a young child growing up in L.A. and, along with my brother, was taken there regularly by my parents, and it's much of a treasure now with millions more people residing in the region. There are plenty of places that can be redeveloped, there are way too few places, especially in an urban area like the Los Angeles/Orange County/Inland Empire megalopolis that have NOT been developed. Remember, a site like Griffith Park can only be as was once!
Wandner	Karin	90029	Preserving the integrity of Griffith Park as an Historical-Cultural Monument is of vital importance to the City of Los Angeles, it's citizens, it's tourists, it's own environment and the people and environment and animals of the world at large. It is one of the foundations of the Eastside community and a gem for Los Angeles as a whole. It provides so much as is. To develop it further would sully it. Please preserve it as a Historic-Cultural Monument.
Wang	T.K.	90026	I support designating all of Griffith Park a Historic-Cultural monument. I hope it will always be a "wild" park in the middle on a busy city.
Watson	John	90065	No to the Autry Museum land grab!
Waxman	Asher	90046	Respect Griffith's wishes!
Weaver	Joan S	91311	The citizens of Los Angeles are entitled to a protected piece of nature such as Griffith Park! I urge the powers that be to support the designation of Griffith Park as a Historic-Cultural Monument!
Webber	Scott	90021	
Webster	Mary Ann	90232	Councilmembers, Please designate Griffith as a Historic-Cultural Monument. This wonderful open space deserves natural and environmental protection because it serves so many of the people of the Los Angeles Area and needs to be preserved for future generations. Thank you for your support.
Weiler	Jim	90039	
Weiss	Diane		No development in Griffith Park!
Wells	Hal	90039	Please. No development in Griffith Park. No hotel. No new malls, no new establishments. No condos. Nada. Can't we just have one square inch of this city left to nature. Progress is not paving. Progress is protecting this park. It already is historic now leave it alone and let the trees and animals be. Los Angeles need griffith park off limits to development. Hal Wells, concerned resident of L.A.
